THE TREND:

1. BARBIE GIRL

Drawing inspiration from the fantastic underwater fairytale set and metallic-threaded tweeds that took centre stage at the Chanel show, Peter Philips sent models strutting down the runway in full mermaid flare. Sporting lusciously luminous skin in a haze of pink powder, creamy lids with flush accents on the outer corners and pale pink lips, the girls looked doll-like pretty, a look that Philips so aptly described as a "balance between shine and matte, a perfect way to float into spring 2012."

Dior 5 Couleurs Couture Colour Eyeshadow Palette in Rose Porcelaine, RM210; **Shiseido** Luminizing Satin Face Color in PK304, RM105; **Lancôme** Blush Subtil Rose in Rose Rouge; **Clinique** Lid Smoothie Antioxidant 8-Hour Eye Colour in Bit O' Honey and Pinkgo Biloba, RM84 each; **Elizabeth Arden** Ceramide Ultra Lipstick in Peony; **Shiseido** Luminizing Lip Gloss in PK406

THE TREND:

2. TWISTED SISTER

"It's a game of textures," said Peter Philips backstage. "Mixing fur and leather with a graphic metallic element." Referring to the eccentric but utterly bourgeois gold and silver-leaf metallic eyeshadow that adorned the girls at the Fendi show, Philips pressed silver bits of foil into Arizona Muse's upper lids (Candice Swanepoel got the same treatment in gold), paired with nude lips matted down with foundation and winged eyeliner—undoubtedly *the* look that stole the show this season.

Dior 5 Couleurs Couture Colour Eyeshadow Palette in Royal Kaki, RM210; **Chanel** Ombre Essentielle Soft Touch Eyeshadow in Tigerlily; **Dior I** Couleur Ultra-Smooth High Impact Eyeshadow in Gold Touch, RM94; **Chanel** Long Lasting Eyeliner in Rose Platine; **MAC** Lipstick in Kinda Sexy

Pat McGrath's shimmery taupe and brown eyes at Lanvin were a softer, toned-down take on the smoky eye, also spotted at John Galliano and Alexander Wang.

3. SMOKE SCREEN

Just as Kate and Laura Mulleavy's collection was a meditation on the work of Vincent Van Gogh, so were James Kaliardos' rounded, midnight-blue intense smoky eyes at Rodarte: "The shape is circular, which is very van Gogh, and soft around the edges," said Kaliardos. Hyper-pigmented shades of cobalt and teal were offset against a resolutely post-impressionist palette of muted lavender lips and flushed peach cheeks for a look that was "dreamy and aggressive, all in the same moment."

Shiseido Shimmering Cream Eye Color in BK912 and BL711, RM75 each; **Laura Mercier** Caviar Stick Eye Colour in Sapphire; **Shu Uemura** Dôme Blush Crème in Fairy Pink; **Clarins** Mono Couleur in Midnight Blue; **Clinique** Colour Surge Eyeshadow in Sable; **Laura Mercier** Lip Glace in Nude Lilac

THE TREND:

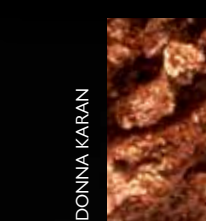

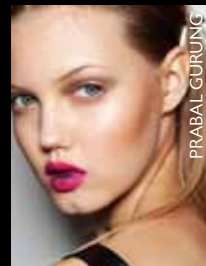

4. SCARLET FEVER

Charlotte Tilbury solidified matte lips as a staple this season with the wine-stained, chocolate lips she slicked onto models at Donna Karan. “A kind of sexy, sporty Yasmin le Bon,” said Tilbury, who declared, “Shine feels old these days. It’s got to be a matte lip.” Tilbury filled lips with the deepest, brownest pigment available and set the colour with a translucent powder, juxtaposing the look against contoured cheeks and a touch of retro with thick, Eighties-style brows.

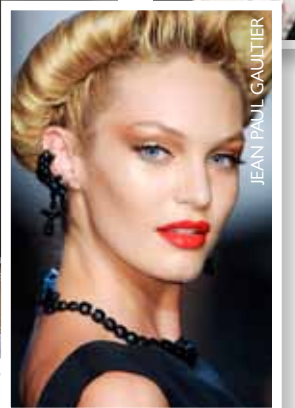

Smashbox Photo Finish Lipstick in Enchanting; **Chanel** Rouge Allure Velvet in La Fascinante; **Smashbox** Limitless Lip Stain; **MAC** Mineralize Skinfinish; **Chanel** Horizon Soft Glow Blush

THE TREND:

5. GLAMOUR PUSS

Stéphane Marais went full-on retro femme at Jean Paul Gaultier, where the centrepiece was high gloss, candy apple red lips, lacquered on and sealed in with a clear vinyl gloss. “Everything else is a small detail. A little black liner, a little lash,” said Marais, who added perfectly-lined eyes, pristine skin and a tiny strip of curly fake lashes at the outer corners, turning each model into “a couture Parisienne. A little girl who wants to look made up.”

Clarins Rouge Prodige in Red Prodige, RM83; **MAC** Lipstick in Russian Red; **Shu Uemura** False Eyelashes in Farfallina and Smoky Layers; **Dior** Lip Maximizer Collagen Activ Lipgloss, RM88; **MAC** Powerpoint Eye Pencil in Engraved; **Chanel** Long-Lasting Eyeliner in Grenat
